Wyse is the vendor the world’s largest businesses and institutions trust to implement scalable network-centric computing solutions. Wyse hardware, software, and services ensure customer’s desktops are secure, reliable, and agile, preserving capital and increasing productivity.

The powerful integrated Wyse® Winterm™ 3650XE offers high performance and style, ideal for health care, call centers, retail, hospitality, or any enterprise seeking the functionality of an advanced Windows®-based terminal based on Wyse-enhanced Microsoft® Windows® CE 5.0, with the sleek, space-saving design of an LCD monitor. With a bright 15” LCD, high-style black and silver case, and Windows CE 5.0 operating system, it is the most powerful integrated Windows CE-based Winterm thin client ever.

Because the Winterm 3650XE is built on Windows CE 5.0, it supports wireless connectivity, greater security, and better manageability. The Winterm 3650XE offers a rich built-in Internet Explorer 6.0 browser, multimedia, and access to several best of breed security solutions. As with all Winterm thin clients, the Winterm 3650XE comes bundled with Wyse™ Rapport®, the client management tool that leverages the value of your thin-client deployment for maximum ROI.

Winterm desktops are a better way to deliver Windows-based applications throughout your enterprise. Our broad range of thin-client devices provide security, manageability, affordability, and reliability. They offer a greater ease of deployment, administration, and use than any other desktop option.
